Subcommittee, Agency and Account Information

Subcommittee

Transportation, HUD

Agency

Federal Highway Administration (FHWA)

Account

TCSP - Transportation & Community & System Preservation

Project Information

Project Name:

Claire Boulevard Street Improvements, Robbins, IL

Amount Requested:

\$1,294,000

Project Description:

The Village of Robbins is requesting funding for the local match to move the Claire Blvd. Street Reconstruction forward. The Phase I Design work has been completed. The Phase II Design work needs to be completed to move the project forward.

Intended Recipient of Funds

Village of Robbins

3327 W 137th Street

Robbins, IL 60472

Explanation of the request:

This project will benefit the taxpayer because this street improvement is needed to make a main thoroughfare for many communities a safe road to travel on. The condition of the street is poor. There are many large pot holes. A simple resurfacing will not solve the problem. The road needs to be reconstructed in order to allow residents and visitors to safely and efficiently visit local businesses and to pass through the Village.
